COLORADO MOUNTAIN COLLEGE
REQUEST FOR PROPOSAL #459-10
Timberline and Spring Valley Campus Paint and Stucco

I. INTRODUCTION

Colorado Mountain College (CMC) is a two-year public College established in 1967, and includes three residential campuses, eight commuter campuses, a Distance Learning program and administrative offices. The Colorado Mountain College District covers all or part of thirteen counties in Colorado, encompassing 12,000 square miles.

The residence hall and the library at our Spring Valley Campus in Glenwood Springs and the residence hall at our Timberline Campus in Leadville are in need of paint and stucco repair and replacement.

Spring Valley Campus – 3000 County Road 114, Glenwood Springs, CO 81601

The residence hall is an approximately 50,000 square foot, three story building that is 14 years old. Stucco needs to be replaced and repaired where appropriate. Total building must be power washed then two coats of elastomeric paint will then be applied. All eaves and trim should be repainted. All windows and door frames will need caulk.

The Quigley Library building is an approximately 13,000 square foot facility featuring two stories and is nearly 40 years old. Stucco needs to be replaced and repaired where appropriate. Total building to be power washed, then two coats of elastomeric paint will then be applied. All trim must be repainted. Windows and door frames will need caulk.

Timberline Campus – 901 South Highway 24, Leadville, CO 80461

The residence hall is an approximately 32,000 square foot, three story building that is around 14 years old. Stucco needs to be replaced and repaired where appropriate. Total building to be power washed, then two coats of elastomeric paint will then be applied. All eaves and trim should be repainted. Windows and door frames will need caulk.

CMC will choose the color of the paint. Work must be completed by August 1, 2010. It's possible that work may start as early as May 03, 2010, but our Facilities Director may elect to push the start date back. The Proposal Sheet asks you to estimate how much time you think the project is likely to take. The final schedule will be negotiated at the time the contract is awarded. The buildings will be occupied beginning June 1, 2010 and may remain occupied at various levels of capacity throughout June and July 2010. Clean up and window cleaning by contractor. Building signage will be installed by CMC.

A mandatory walkthrough will be held for each location. We will gather in the cafeteria at the campus and begin promptly on time. CMC endeavors to provide a fair distribution of information so that all proposing firms have access to the same information. Therefore, no late attendees will be permitted to sign in for the walkthrough. Please make sure you allow time for travel, including weather and finding the campus cafeteria. This solicitation is not an "all or nothing" award. You are welcome to bid any one, any two or all three buildings. At the discretion of the Selection Committee preference may be given to qualified firms that submit proposals for more than one building.
