The Colorado Mountain College District covers all or part of thirteen counties in Colorado, encompassing 12,000 square miles.

The college owns and needs to transport a greenhouse from Vail Public Works to CMC property at the Vail-Eagle Valley Campus in Edwards, Colorado. The scope of work for this project includes the following:

- Remove poly covering and stack on bunk boards out of way (Vail Public Works will dispose).
- Mark all pieces with permanent marking (key code) before disassembly to allow for re-assembly at later date.
- Disassemble for transport, and load all framework, growing benches, irrigation system, lights, fans and heater(s).
- Relocate and unload listed materials and equipment for storage to CMC/Vail-Eagle Valley Campus, 150 Miller ranch Road, Edwards, CO 81632
- All transported material and equipment will need to be off-loaded in designated area on the south east corner of CMC property.
- Project must be completed by Friday, June 25, 2010 at 4:00 PM Mountain Time.

You are invited to visit the area between 8:00 am and 4:00 pm on June 2, 2010. No CMC representative will be present at that time but you will have access to the site.
