

## 511-11 Food Service

---

Addendum 001  
Issued December 16, 2011

1. Who owns the POS system? **CMC owns the equipment under our existing relationship. We are open to your preferred arrangement on this issue and are willing to have the system owned by the vendor.**
2. With the bid sheet, are there page limits? If so, what are those limits? **No limit. As much as necessary and as little as possible.**
3. What is the projected growth for each of the campuses as it pertains to boarders? **25% increase at Leadville, no projected increase at Spring Valley or in Steamboat.**
4. What is the projected growth for each of the campuses as it pertains to catering and conferences? **10% at each conference from current levels.**
5. Will there be academic program changes or additions at any of the campuses? **Yes. CMC now offers 4 year degrees in Business Administration and Sustainability. Each campus reviews their course and curriculum offering every year and changes are made at the campus level. There is no plan to add dining capacity at any of our residence halls beyond construction that has occurred in the past two years at Spring Valley and Leadville, and in currently in progress in Steamboat.**
6. What is the minimum Insurance coverage the successful bidder must carry under its own Certificate of Insurance which covers Comprehensive General Liability and Workers Compensation? **Subject to change, but we are currently estimating \$5,000,000 liability per occurrence and \$1,000,000 for Workers Compensation. In no case will the requirement be less than required by law.**
7. What is the minimum insurance coverage the successful bidders suppliers must carry? **Same as above, subject to discussion in individual circumstances.**

8. What is the desired number of references from similar contracts? **Would like to see as complete a client list as you can provide. CMC is committed to being a good business partner and will not contact any schools on your client list, nor will we forward the list outside the selection committee. In addition to that informational list, we would like to talk to five references if possible.**
9. What is the term of the contract? **Negotiable. We would like to see three to five years but will consider any proposal that would be in our best interest in partnership with you.**
10. Is there a layout or floor plan for the new facility at Steamboat Springs and can we get copy? **Please see the website.**

Note: 2011-2012 campus resident numbers:

<b>Steamboat Springs</b>	<b>191</b>
<b>Spring Valley</b>	<b>176</b>
<b>Leadville</b>	<b>94</b>
