

Associate of Applied Science: Entrepreneurship This program prepares students to develop the insight needed to discover and create entrepreneurial opportunities and the expertise to successfully start and manage their own businesses to take advantage of these opportunities. Upon completion, students should have the knowledge and skills needed to assess new enterprise opportunities, obtain financial resources, market and start new ventures, and manage entrepreneurial ventures for growth and profitability. Individuals who already own and operate their own businesses acquire the background necessary to upgrade skills and broaden their areas of expertise. In addition, the interdisciplinary aspects of the program offer students training to complement their major field of study with an additional concentration in entrepreneurship.

Students must demonstrate college-level proficiency in reading, writing, and mathematics as prerequisites for courses in this program. Skills in these areas may affect the sequence of courses in which students can enroll and may also extend the time required to complete this program. For more details see the Academic Placement and Testing section.

Please see our web site for up to date information on transfer options to Mesa State College. Graduates of the program will receive an Associate of Applied Science: Entrepreneurship.

For a description of these courses, see the Courses section. The Entrepreneurship degree is offered at the Summit, Leadville, Steamboat Springs, and Aspen. Please see your advisor for a recommended sequence of courses.

Certificates: Entrepreneurship, Small Business Finance, and E-Business/ E-Commerce. These programs provide students with essential information and training as a preparation to owning and operating a small business. The certificates also enable individuals who already own and operate a business to upgrade skills and broaden their areas of expertise.

Students must demonstrate acceptable proficiency levels in reading, writing, and mathematics as prerequisites for courses in these programs. Skills in these areas may affect the sequence of courses in which students can enroll and may also extend the time required to complete the programs. For more details see the Academic Placement and Testing section.

Graduates of these programs will receive a Certificate of Occupational Proficiency in Entrepreneurship, Small Business Finance, or E-Business/E-Commerce.

The Entrepreneurship and Small Business Finance Certificates of Occupational Proficiency are offered at the Summit, Timberline, Alpine and Aspen campuses. The E-Business/E-Commerce Certificate of Occupational Proficiency is offered through Online Learning. See the section on Courses for more information. Please see your advisor for a recommended sequence of courses.
